**Digital Planet Enters Marketing Relationship  
With 911 Rapid Response**

*Open House Scheduled in Annville, PA for January 27th*

MECHANICSBURG, PA, January 24, 2011 - - South Central Pennsylvania based Digital Planet announced today that it has entered a marketing relationship with 911 Rapid Response ([www.911rapidresponse.com](http://www.911rapidresponse.com)) in Annville, PA. Digital Planet will provide mobile computers and related hardware with the installation services and mounting parts to be provided by 911 Rapid Response.

Digital Planet President Rick Gurba states "this relationship builds upon our model of creating a turnkey solution for the emergency service organizations in the Mid-Atlantic region of the U.S." Gurba continues, "competitive pricing and outstanding workmanship is why we've chosen to partner with 911 Rapid Response." Digital Planet provides Panasonic computers, Data Limited and other rugged mobile computers. 911 Rapid Response products include Gamber Johnson's vehicle dock and mounting solutions.

911 Rapid Response is hosting an open house on Thursday, January 27, 2011 from 11AM to 7 PM at their Annville, PA office at 840 Bellegrove Road. Digital Planet will have mobile computing hardware on display. Free food, prizes and specials on products and services will be available at the event.

About Digital Planet

Established in 2009, South Central Pennsylvania based Digital Planet delivers virtual back office technology, accounting and human resource and business development services to non-profit organizations (NPO) and small and medium sized businesses (SMB). Our services and products are packaged together in a manageable fee allowing the business to focus on their main product or service.
