Cornerstone: Providing Value-Added Benefit to Clients through Digital Planet Service Line

NEW CUMBERLAND, February 10, 2010 -- Cornerstone Adminisystems, Inc., a progressive EMS billing company throughout the Mid-Atlantic region, released today that terms were finalized with South Central Pennsylvania-based Digital Planet, to provide technology services and solutions to its growing client base. Under the terms of the joint agreement, Cornerstone is pleased to announce that its clients will receive a discounted and enhanced portfolio of services within the Digital Planet product line.

In today's financial climate, EMS organizations must maximize the available funds in their budgets, and technology is an integral part of that budget, growing yearly. As a part of Cornerstone's ongoing effort to provide its clients with superior cash flow through billing and the latest technology, Digital Planet's delivery model is tailored to small business operations, and maximizes cash flow in a manner that compliments the Cornerstone standard established for its clients.

Cornerstone's Vice President of Corporate, Thomas Minnich, remarks, "To stay viable in today's market, it is all about integration. What were once periphery elements in EMS administration are now key components to successful growth and financial viability." Minnich indicated that, "We want all of our clients to not only have superior billing but to also have access to the advanced technological resources necessary to streamline their internal operations."

Digital Planet President, Scott Mumma, states "The economy has had a significant impact on non-profit organizations and small business budgets during the past year. Digital Planet services are aimed at the small and medium-sized organizations that do not have the need for, or resources to, hire a team to manage their technology." Mumma further states, "We provide the same technology and support resources at a fraction of the cost."

Cultivating solutions tailored to the request of their clients, Cornerstone Adminisystems and Digital Planet will continue to achieve the needs of the organizations they serve. Contact them today for more information.

About Cornerstone Adminisystems, Inc.:
