

SMALL OFFICE AND COLLABORATION SPACE AVAILABLE FOR RENT

2 MARKET PLAZA WAY, MECHANICSBURG PA 17055

Call Rick (717) 919-6468 for exact space information

The entire compliment of services may be provided by Digital Planet or by one of its partner companies. Even if your company provides one of these services, consider one or more of our office locations as we build out a collaborative business ecosystem.

INCLUDED:

- Wireless internet access
- Kitchen
- Conference Room with capacity of 18 people
- Online room scheduling system

We focus our attention on projects where the desire is for the business to stand out from the rest rather than being built from “cookie cutter” systems. We negotiate the best possible rates with various printers or can work with the printer of your choice.

MARKETING SERVICES

Every business can benefit from extra marketing assistance from time to time. Print and mail campaigns, electronic distribution of promotional information and direct phone calling customers and donors can boost your revenue in short periods of time.

Need an exhibit for a conference or show? With minimal investment, you can utilize the framework of our 10x10 or 10x20 exhibit modifying the graphic needs to your liking.

SOFTWARE DEVELOPMENT SERVICES

Our team of software developers can build a software solution for your business or create one for retail sale. We excel in building web applications of any size and provide the continued maintenance and support as well.

BUSINESS MENTORING AND CONSULTING

Our team of experienced professionals can be engaged in short-term and long-term mentoring engagements offering you and your business sound advice based on fact, experience and opinion when requested. Whether you’re buying or selling a business, starting a new one or just have questions on what to do next, we can help.

ADDITIONAL SERVICES INCLUDE:

COMPUTER NETWORKING AND IT SERVICES

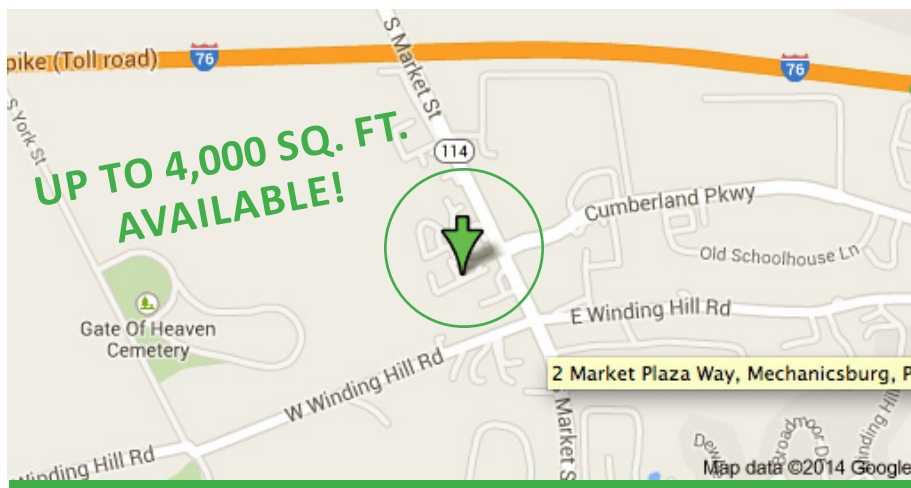

The Digital Planet network support team supports large enterprise computer networks and workstations, provides server maintenance and manages less complex computer networks and support for small and medium sized businesses.

BOOKKEEPING, PAYROLL & ACCOUNTING SERVICES

Digital Planet is poised to assist your business with basic bookkeeping, payroll and accounting services. We have a team of individuals capable of scaling to meet the size of your needs and interface with your accountant as needed.

GRAPHIC DESIGN AND MEDIA SERVICES

Our graphic design and media services team consists of experts in graphic design, social media and web design.
